

PaiWrap Easy Tear

Who needs a strap when you can rip and wrap ?

NORTH AMERICA
TOUCH FASTENERS & EASY TAPE

Introducing the first hook and loop wrapping product that allows you to tear off only what you need with no cutting required ! PaiWrap Easy Tear tape lets you simply rip off the piece you need and wrap up your project.

With PaiWrap you can easily create your own custom strap and reuse it over and over again unlike traditional plastic ties. PaiWrap is perfect for bundling or wrapping cables, wires, electronics, stabilizing plants or vines. It performs well in all weather environments and prevents damage to bundled materials like typical plastic or rubber ties. Ideal for on the go technicians in any field.
