Easy Tape<sup>®</sup>

Easy Tape®

MOLDED HOOK

- Easy Tape® is an entire product line utilizing the most technically advanced methods of molded hook manufacturing. Patented processes of molded hook technology provide limitless hook configurations designed for specific application.
- Polypropylene material available upon request.
- Colors - black, white, transparent
- Custom colors available upon request

Molded Hook vs. Traditional Hook

- Molded hook is light and thin and has a super strong shear strength (average over 1200g/s.q.cm)
- The gap between molded hook and loop is only 1mm while traditional hook and loop is about 2-3mm
- Molded hook has precise hooks that won't hurt the fabric
- Molded hook is able to be sewn or welded
- Molded hook can be printed on either side to enhance images and/or brand appearance
- Custom backings available
- Made from either Nylon or Polypropylene resins that are extruded, not woven or knitted
- Available with Rubber adhesive, Acrylic adhesive, standard backing, fabric backing and RF coating
- Widths up to 12" wide
- Available in various strengths

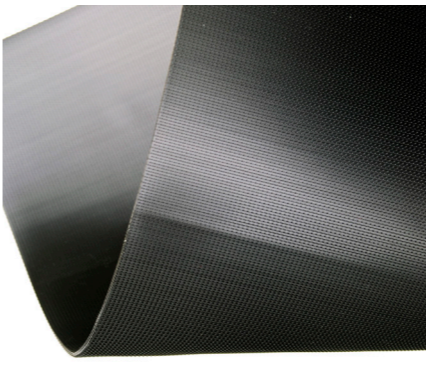

PRINTED MOLDED HOOK

- By using advanced computerized printing equipment, the surface of molded hook can be printed
- Colorfastness to water, perspiration and washing are all more than grade 4
- Suitable for making cuff tabs and various fastening straps
