# Our Mission

**PAIHO® North America is dedicated to providing the highest quality products and services through our manufacturing capabilities, value-added services, and commitment to serving our customers**

## History

- 1979** Taiwan PAIHO® Limited (initially called San Ho Shin) and Trihook® brand was established.
- 1986** San Ho Shin formed a joint venture with Velcro Companies and founded Velcro Taiwan Limited.
- 1990** Dongguan PAIHO® Textile Limited was established. The joint venture with Velcro Companies ended and Velcro Taiwan Limited was changed to Taiwan PAIHO® Limited, which is an independent company to date.
- 1997** PAIHO® International Limited was established.
- 1998** Spring Rich Limited was established to manufacture molded tape.
- 1999** Vietnam PAIHO® Limited was established.
- 2000** Taiwan PAIHO® Limited was approved by the Taiwan Securities & Exchange Commission to be a public company in January.
- 2001** Wuxi PAIHO® Limited was established.
- 2004** PAIHO® North America was established to expand sales and distribution services throughout the western market.
- 2006** Taiwan PAIHO® Limited receives the distinguished honor of being named one of the "Top 200 Companies Under \$1 Billion" by Forbes Asia.
- 2007** Taiwan PAIHO® Limited was awarded the fourth "Taiwan Superior Brand" award by Taiwan External Trade Development Council.
- 2008** Taiwan PAIHO® was awarded "The First Brand Certificate" by the Consumer Association of Taiwan.
- 2010** PAIHO® Group reintroduced the recyclable hook and loop product line with increased abilities to offer eco-friendly products.
- 2014** Indonesia PAIHO® was established increasing manufacturing capabilities on a global scale.  
  
PAIHO® North America relocated to Chino, CA to allow for increased capacity in order to offer larger stock levels of apparel related and fabric items, better VMI programs, and additional in-house fabrication capabilities.  
  
An additional North America office in Portland, OR was established to better assist with the design and development with our global brand partners.
- 2017** Vietnam Paihong was established to allow for larger capacity and increased technologies for manufacturing fabrics. Wuxi Paiwei Biotechnology Co. LTD was established in order to develop and manufacture respiratory protective equipment and medical grade face masks.

# PAIHO® North America Environmental Policy

- PAIHO® North America is committed to conducting its business in a manner consistent with our commitment to corporate citizenship, social responsibility, and sustainability.
- Our goals are to provide products and services that are safe and sustainable, conduct our operations in a responsible manner, and create a work environment that enables PAIHO® North America employees to work injury-free.
- We integrate these objectives into our business planning, decision-making, performance tracking, and review process to ensure we achieve our goals and continually improve upon them.
- Each employee has an individual responsibility to understand and support our environmental health and safety policies and to actively participate in programs to ensure our goals are achieved.
- We believe our company must work with employees, suppliers, and customers to protect and enhance our health, safety, and environment.

# Terms and Conditions

## Minimum Order

Minimum orders do apply. Please contact your account representative for details or call 800-328-4747

## Product

The buyer must consider the following factors including, but not limited to: Temperature, Humidity, Weight, and other environmental factors. When ordering and using product, it is the buyer's responsibility to test and assure that the product is assembled and used in proper conditions.

## Returns

"Standard Goods" are subject to a 30-day return period from the invoice date upon approval. All returns must have an "RMA Number" which is assigned by our Accounting Department. Unauthorized returns will be refused. Restocking fee of 25% may apply. "Special Order" and "Custom Fabricated" items cannot be returned.

Questions, comments, or concerns please call  
800-328-4747

# Sew-On Fasteners

PAIHO's sew-on fasteners have extremely high cycle life with certified durability to use in multiple industries.

PAIHO® North  
America Hook and  
Loop Series

## Applications

General, Marine, Outdoor,  
Medical, Apparel, Tactical,  
Footwear

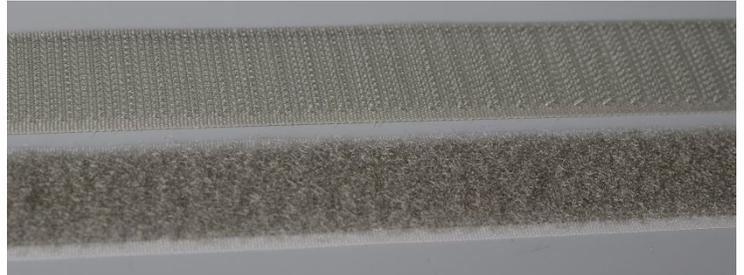

## Standard Nylon Hook and Loop

Description: Industry leading touch fastener with extremely high cycle life. Hook is made with 9mil monofilament providing the strongest and most durable fastener in the industry.

Width Range: 1/2" - 6"

Colors: Black, White, Others by Request

Application: All general applications

## Polyester Hook and Loop

This product produces greater peel and shear strength in water than the traditional touch fastener. It will not fade when exposed to long periods of direct light.

Width Range: 5/8" - 6"

Colors: Black, White, Others by Request

Application: Marine, Outdoor

## Unnapped Loop

Description: For applications requiring a higher cycle life than the napped loop with lower peel strength. Recommended with Soft Hook, Extra Soft Hook

Raw Material: Nylon

Width Range: 3/4" - 4"

Application: Medical, Diapers, Apparel, Tactical

## Extra Soft Hook

Description: Hook is made with 8 mil monofilament requiring higher cycle life and lower peel and shear than standard hook.

Raw Material: Nylon

Width Range: ½" – 4"

Application: Apparel, Footwear, Medical

# Specialty Fasteners

PAIHO's specialty fasteners offers various types of hook and loop and post-treatments. Whether you need a back-to-back, hook and loop on the same side, or require certain stitching – we got you covered!

PAIHO® North  
America Hook and  
Loop Series

## Application

**Automotive, Aerospace, Outdoor,  
Marine, Medical, Apparel, Tactical,  
Footwear, Sporting, Construction,  
Cable Management, Home**

## AB Tape

Description: A self-engaging fastener with hook and loop on the same side.

Raw Material: Nylon

Width Range: 5/8" – 4"

Application: Medical, Sporting

## Fire Retardant Hook and Loop

Description: Our standard hook and loop with fire retardant coating. Available with fire retardant pressure sensitive adhesive.

Raw Material: Nylon with FR coating

Width Range: 1/2" – 6"

Application: Aerospace, Automotive, Marine

## RF Hook and Loop

Description: Combines RF (dielectric and ultrasonic) adhesion in an industry leading touch fastener with high cycle life.

Raw Material:

Width Range:

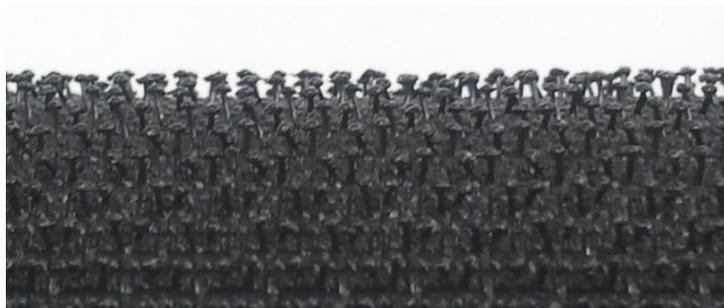

## Mushroom Hook

Description: The most powerful hook in the market today. Lower cycle closure that provides extremely high peel and shear strength.

Raw Material: Nylon

Colors: Black

Application: Automotive, Aerospace, Construction

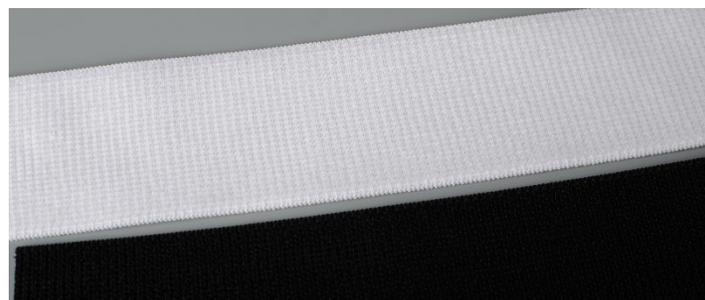

## Elastic Loop

Description: Stretch loop available in woven (less stretch) and knitted (more stretch) versions for various different applications.

Width Range: 3/4" – 2"

Colors: Black, White, Others by request

Application: Medical, Apparel, Sporting

## C-Wrap

Raw Material: Low profile loop material is sewn together with napped or unnapped loop to create a durable strapping system in open and closed styles with straight or zig-zag stitches.

Width Range: 1/2" – 6"

Application: Medical, Apparel, Footwear

## Double-Faced Loop (DFL)

Description: Loop that is folded over and either stitched or laminated.

Raw Material: Nylon

Width Range:

Application: Medical

## Wide Circular Knit Loop

Description: An industrial strength product designed for high cycle applications.

Raw Material: Nylon with Acrylic Binder Coating

Width Range: 60"

Application: Medical, Tactical

## Mirror Loop

Description: Transparent loop that is printable on the loop side to provide customization while also maintaining a high cycle.

Raw Material: Nylon

Width Range: 4"

Color: Semi-sheer

Application: Apparel, Footwear, Medical

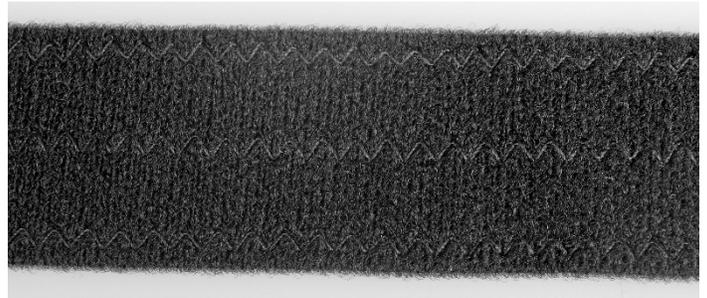

## Triple-Stitched Loop

Description: The ETB-09 low-profile knitted loop is folded and stitched for further durability.

Raw Material: Nylon

Width Range: 1/2" – 6"

Application: Medical, Apparel, Footwear

# Pressure Sensitive Fasteners

PAIHO's adhesive series offers fasteners for outdoor and indoor applications. Let us know what you're applying the adhesive to and our representatives will guide you to the best product for your specific application!

PAIHO® North  
America Hook and  
Loop Series

## Application

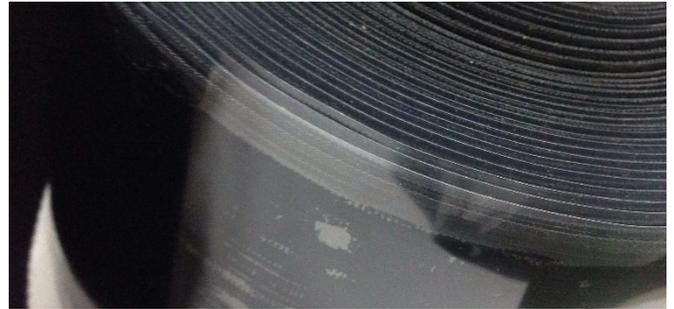

Indoors, Outdoor, POP, Signage,  
Metals, Vinyl, Fabric, Marine,  
Medical, Tent and Awning

## Rubber Based Pressure Sensitive

Description: An adhesive fastener designed for applications with a temperature of -4-degree F to 140-degree F.

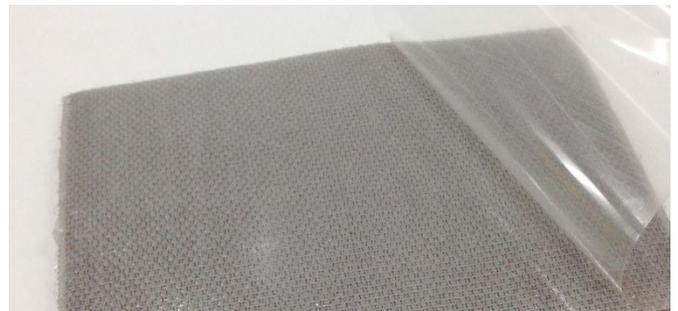

Application: Indoors, Paper, P.O.P, Signage, Foam, Hard Plastic, Metals

## Acrylic Based Pressure Sensitive

Description: An adhesive fastener designed for applications with a temperature range of -4-degree F to 212-degree F.

Application: Outdoor, Metal, Vinyl, High Temp.

## Radio Frequency Hook and Loop

Description: This product combines RF (Dielectric & Ultrasonic) adhesion with a high cycle life. It is suitable for water resistant applications on a wide range of substrates.

Application: Marine, Inflatables, Medical, Tent and Awning

## Iron-On DT-1

Description: A heat activated hook and loop that is combined with solvent activated dry adhesive coating. It is non-stitch and washable.

Application: Polyester back cloth, PU/TPU leather, Elastic fabric

# Recycled/ ECO

PAIHO's recycled fasteners are made with 30% recycled yarn in 6 widths.

PAIHO® North  
America Hook and  
Loop Series

## Application

All General Applications

## Recycled Hook and Loop

Description: The standard durable hook and loop made with 30% recycled nylon yarn.

Raw Material: Nylon (30% recycled nylon yarn)

Colors: Black, White, Others by Request

# Post- Treatment & Fabrication

Post-process is our specialty! Offering you in-house fabrication abilities with a large selection. From die cut molds, along with slitting, cutting, and welding, to custom printing and special packaging. Just tell us how you want it!

PAIHO® North  
America Hook and  
Loop Series

**Application**  
All General Applications

## Die Cutting

Description: Our in-house machines are used to mass-produce cut-out shapes, such as coins and tabs, for many applications. Contact us for more details.

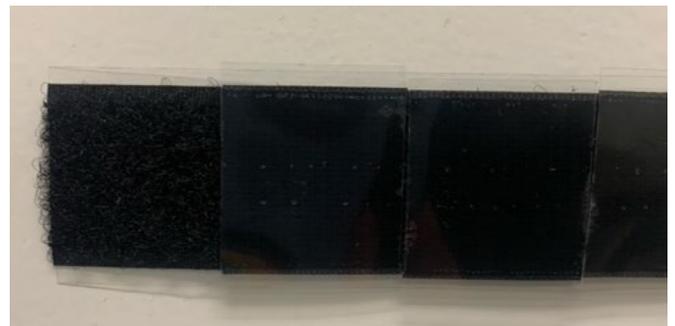

## Straight Cutting

Description: Our in-house machines are used to mass-produce straight-cuts onto product for many applications. Contact us for more details.

## Kiss Cutting

Description: Also known as back slitting, our in-house machines create a kiss cut that gives you a 'crack and peel' product for easier removal. Contact us for more details.

## Custom Printing

Description: PAIHO offers custom printing with your company name, logo, contact information, etc. Great for promotional products/services and advertising with every use!

## Custom Ultrasonic Welded Straps

Description: Our custom ultrasonic welded straps can be customized with colors and printed logos. Great for businesses, cable management, and other strapping requirements.

## Special Packaging and Private Labels

Description: Make sure your packages are visible for the world to see with our special packaging and private label options. Contact us for more details.
